QUIET, HIS JOB

CHANGES IN LEAGUE
NOT EASY TO MAKE

Unanimous Vote of Council
Would Be Necessary
for Change

WASHINGTON, Oct. 14.—Exposing deceptions of the League of Nations Association, the Republican Publicity Association, through its president, Hon. Jonathan Bourne, Jr., issues the following:

"A League of Nations Association cooperating with Democratic candidates has issued a bulletin which undertakes to defend the League of Nations Covenant by telling what it does not do. Among other things the bulletin says:

"The League of Nations is not unchangeable. Its Constitution may be readily amended and doubtless will be as occasion demands. Any nation may withdraw from the League by giving two years' notice."

"The provision of the League Covenant itself regarding amendments declares:

"Amendments to this Covenant will take effect when ratified by the members of the League whose representatives compose the Council and by a majority of the members of the League whose representatives compose the Assembly."

"This means that the vote of the Council must be unanimous and that in addition there must be a majority of the members of the Assembly favorable to the amendment. That is the provision under which the League of Nations Association declares the Constitution may be 'readily amended'."

Since the real purpose of the League is to get the United States in a position where it must bear the burdens of the world it will at once be manifest that other nations represented in the Council would not consent to any amendment which would relieve the United States from obligations it had been induced to assume. It would be readily possible to amend the League Covenant by increasing the burdens placed upon the United States but there would be a prompt hitch in the proceedings if there were an attempt to relieve the United States from any of its undertakings."

"The League of Nations Association also asserts that 'Any nation may withdraw from the League by giving two years' notice.'"

"But that is not what the Covenant provides. Article 1 contains the following:

"Any member of the League may after two years' notice of its intention so to do, withdraw from the League, provided that all its international obligations and all its obligations under this Covenant shall have been fulfilled at the time of its withdrawal."

"The defenders of the League assert that any nation may withdraw by giving two years' notice, but fail to add the provision contained in the League Covenant. This is a clear attempt to deceive the people by omitting the most vital part of the quotation. The condition is not that the nation desiring to withdraw shall have fulfilled its obligations up to the time of giving notice, but up to the time of its withdrawal, which would be two years after the time of giving notice."

"If the United States as a member should find itself embarrassed and should give the two years' notice, there would be a two years' period during which those nations having control of the League Council and Assembly could add to the obligations of the United States and prevent its withdrawal, except in a manner that would probably precipitate war with the United States on one side and the combined strength of the other League members on the other. The attempt of the League of Nations Association to mislead the voters by quoting only a part of the section of the Covenant relating to withdrawal serves to emphasize the vital importance of this feature of the Covenant."

(INTERNATIONAL NEWS SERVICE)
LAFAYETTE, Ind., Oct. 14.—Alleged limitations which he claimed "cut the heart out of the case" placed upon him by Atty. Gen. Palmer in the prosecution of the government's case against

charged with conspiracy, caused Dan W. Simms to resign as Special U. S. Dist. Attorney. Mr. Simms announced yesterday.

Mr. Simms aided in the prosecution of the contempt and injunction proceedings against the miners several months ago and was to have pushed the conspiracy case in the U. S. district court at Indianapolis next month.

After receiving information that his resignation had been accepted Mr. Simms made public a letter from the attorney-general, stating that "this is to remind you that the impending case against the miners is to be based upon acts occurring before or subsequent to the injunction and contempt proceed-

ings and is not to be based upon the facts which led to those proceedings."

This is the **ONE** Reason Why You Should
See and Hear the Pathe Phonograph **NOW**

WE LAY this proposition down as the naked truth, that sooner or later every cultured and well-conditioned home will own a phonograph. The question is— which one?

The purpose of this demonstration sale is to prove that the jeweled Pathe is the one to own.

The Pathe phonograph is superior, because it differs from other talking-machines.

It has invaluable features which other phonographs do not possess.

With the Pathe phonograph, you do not have to worry with needles. Needles scratch and wear out your records, to say nothing of the inconvenience in having to change them every time you change a record.

The Pathe plays with a Sapphire Ball. This Sapphire Ball is round and smooth, is ground under a microscope to exactly fit the grooves in the records and is indestructible.

You can play a thousand records with a single Sapphire Ball without injury to the records or to the Sapphire Ball itself.

And the tone! You have never heard such marvelous, life-like tone reproduction in a phonograph, unless you have listened to the genuine Pathe.

Yet the Pathe Costs no more than the ordinary Phonograph

And it is to more thoroughly demonstrate this fact, this marked superiority, that this sale is being held; that 100 genuine Pathe phonographs (Model 10) have been allotted to us for this purpose in Hammond and that this same identical sale has been planned for a nation-wide demonstration which will embrace approximately 100 of the principal cities of the United States.
